TRUST RESPONSIBILITY: MEETING TRIBAL HOUSING NEEDS IN THE SOUTHWEST

ABOUT SWTHA

The Southwest Tribal Housing Alliance (SWTHA) is the Region VIII representative organization to the National American Indian Housing Council (NAIHC). SWTHA represents the Native American housing interests of organizations in Arizona, New Mexico, and West Texas.

Position Paper by The Southwest Tribal Housing Alliance (SWTHA)

As the 118th Congress winds down its first year of its two-year period, our priorities include:

Increased Funding/Resources

- Tribal housing programs have been level funded for nearly 20 years.
- The FY24 Budget Request from President Biden would provide \$772 million for the Indian Housing Blocking Grant, the primary funding mechanism for tribal housing programs. **The IHBG was funded at \$600 million in FY1998 and if it had kept pace with inflation should now be funded at \$1.067 Billion.**
 - **Tribes are working with 75% of what they had in late 1990s.**
- While tribal housing funds have been largely stagnant, the entire HUD Budget has grown!
 - **Tribal housing funds used to be 2% of HUD budget, now just barely over 1%**
- Tribal populations have also grown these last 20 years so tribes need more funding to keep pace with need and should not settle for level funding.
- Another way to increase resources to tribal

communities is to allow tribes access to the Section 8 voucher program. Currently we are asking tribes to develop housing and provide rental assistance to tenants all with NAHASDA funds.

NAHASDA Reauthorization

- NAHASDA has been expired/unauthorized since 2013.
- Reauthorization of NAHASDA will allow program changes to be made to give tribes greater flexibility in their programs.
- Would create Assistant Secretary for Indian Housing
- Would improve tribes' access to other federal housing programs (HUD-VASH, USDA Rural Housing, HUD Housing Counseling Grant Program)
- **Include NAHASDA reauthorization language in the Senate THUD Appropriations Bill.**
- **Support inclusion of NAHASDA reauthorization in National Defense Authorization Act (NDAA)**

Pass the Native American Rural Homeownership Improvement Act (S. 2092/H.R. 6331)

- Would make permanent a pilot project at USDA that relends Section 502 Single Family Home Loan funds to Native CDFIs, providing greater deployment in tribal communities.
- Current pilot limited to South Dakota has been successful and has provided 502 loans in two tribal communities over two years, more than the USDA program had provided in the prior 10 years.
- Bill led by Senators Tina Smith and Mike Rounds
- Pending before Senate Banking Committee

Other initiatives:

- **Enact VA's Native American Direct Loan Improvement Act of 2023 – S. 185**
 - Bill would improve the VA's NADL program which has only provided 180 loans to Native Americans and Native Hawaiians nationwide over an 11-year period (FYs 2012-2021).
 - Bill introduced by Senators Mike Rounds (R-SD) and Jon Tester (D-MT). Co-sponsored by Senators Mark Kelly (D-AZ), Angus King (I-ME), Dan Sullivan (R-AK), and Gary Peters (D-MI).
 - Bill would allow NADL to cover refinanced loans; provide grants to tribes to create better awareness among Native veterans; provide loans to Native CDFIs to increase deployment of loans on the ground to veterans in tribal communities.
- **Allow Tribes to Access Section 8 Voucher Program**
 - Tribes gave up access to Section 8 vouchers in the passage of NAHASDA in 1996. By allowing tribes to access Section 8 vouchers, tribes could utilize the voucher program to make up ground for funding not keeping pace with housing needs.
- **Improve Low Income Housing Tax Credit Program for Tribes**
 - Establish tribal set-aside as many states are serving tribal areas (their state LIHTC plans/point structures tend to reward urban or non-tribal projects)
 - Allow LIHTC, Section 8 vouchers, and NAHASDA funding to layer together on projects.
- **Improving Other Direct Loan Programs**
 - USDA section 502 Single Family Housing Loan Program and Veterans Affairs Native American Direct Loan Program
 - Should be great programs for tribes, but they are not reaching Indian Country
 - Mostly due to lack of federal program staff communicating with tribes.
 - New approach would allow the loan programs to utilize tribes and native CDFIs to be intermediate lenders. They know the communities and can issue the loans.
 - **Support S. 2092 discussed above.**
- **Improving Bureau of Indian Affairs Land Title Process**
 - Delays at BIA turn lenders away from offering mortgages on trust lands.

SWTHA VISION

Region VIII Tribal Housing Advocate.

SWTHA MISSION

To be the voice for Tribal housing by providing relevant, timely information, resources, and a valuable network for the SWTHA membership.

- **Support S. 70, Tribal Trust Land Homeownership Act**
- Would create statutory deadlines for BIA to process mortgage/title documents and create a single position to monitor that process and report to Congress.
- Currently some mortgage loans wait months or longer for proper documentation from BIA.

SWTHA Board of Directors	SWTHA Board Members & Representatives	
<p>Jamie Navenma, President and NAIHC Representative (505) 552-6430 jamien@lagunahousing.org</p>	<p>Lukaya Williams, Board Member Arizona Representative (928) 338-4831 lfall@wmaha.us</p>	<p>Rachel Salas, Board Member New Mexico Representative (505) 219-5093 rachel.salas@ziapueblo.org</p>
